

G Auto P

Product Description

• Applications

1. Starting and Charging System:

1. starter motor

2. Test Battery Load

3. Alternator capacitor

4. Test charging signal

2. Electric relay and actuator

1. window motor

2. windshield wiper motor

3. door lock actuator

4. trunk lock

5. fuel pump motor

6. stepping motor
7. ISA(Idle speed actuator)
8. TR(Power transistor)
9. Fuel injector
- 10.Main control relay

● Sensors

1. Power & Ground of sensors
2. MAP sensor
3. O2 sensor
4. RPM sensor
5. Air Flow sensor
6. crank angle sensor
7. Vehicle speed sensor
8. No. 1 TDC sensor
9. water temp. switch
- 10.Pulse Generator(A/T)
- 11.Idle switched
- 12.ABS(wheel speed sensor)
- 13.Throttle position sensor
- 14.Cam position sensor
- 15.Noise filter
- 16.Air temp. sensor
- 17.Barometric pressure sensor
- 18.Inhibitor switch(A/T)
- 19.water temperature sensor
- 20.Solenoid valve(A/T)
- 21.Electric horn Electric fan switched
- 22.Tachometer
